Dear Mr. Santra,

Greetings from Srijan Group !

We would like to state that, we are very pleased with the positive response which the camps organised by iKure Team has garnered. Each labourer has been given enough time and proper counselling has also been carried out by the doctors and staff in your team.

We have also received a good set of documents such as ID cards, Prescriptions of the patients signed by your doctor, Photographs along with videos, Data Analytics highlighting the trends and patterns of the disease profiles of labourers. We are indeed also very happy with your presenters being punctual, friendly & cordial at site.

We would surely like to recommend your healthcare service to others. We look forward to working with you in similar projects in future.

With Best Compliments
